

Instructions for Purchasing and Starting your Course

Included below are instructions for purchasing and starting a Bright Minds Training course. It is rare that these are needed by a customer, but in the event that they are needed, we want to provide clear instructions to you. Although this document is 21 pages in length, the vast majority of the content is illustrations.

Table of Contents

From our home page the easiest way to locate our course listing page is to click on the picture illustrated in figure – 1.

Figure – 1

Courses

After Clicking on the courses picture, you will arrive at our courses page. The top section of the courses page is illustrated in figure – 2.

Figure – 2

A course does not have to be completed in one session. You can stop at any point in a course and resume from that point at a later time.

\$20.00
All About Sensory

This course introduces the vestibular, proprioception and interoception senses. What are they and how do they work? We then go into depth about the senses of sight, hearing, touch, taste and smell. There are many great activities to explore and teach about each sense. The course provides basic information about sensory processing disorder and includes testimonials from mothers of children with SPD. This course has audio. 4.0 Hours

\$7.99
Art and Writing: Thinking Creatively Outside the Box

This course delves into your art and writing centers. We discuss how to choose the right items for each age group and how to teach the children to use these materials properly. There are multiple activities explored giving ideas for ways to use your art and writing centers for more than coloring and finger painting. This course has audio. 1.5 Hours

\$16.00
Back to Basics: Teaching Colors, Shapes, Letters and Numbers

Early childhood education requires teaching the basics! Some of these basics are colors, shapes, letters and numbers. These concepts begin as early as the infant and toddler classroom! This course gives ideas for introducing these through every day activities like diaper changing and pulling out snacks. The course covers methods used for teaching these basics through the preschool classroom. Audio coming soon. 3.0 Hours

[See more...](#)

\$5.00
Blocks, Math & Manipulatives: Building and Learning

The block, math and manipulative centers are described and explored as we discuss a variety of ways to blend or separate them into one, two or three centers. What is different and what is the same about the materials contained? The materials in these centers are ideal for teaching so many important lessons. This course has audio. 1.0 Hour

Here's what our customers are saying about us.

Course - Safety and Basic First Aid
"It covered all of the basic training needed for my job, and it is a cheap, accessible site that allows me to complete these trainings at any time."
Adriana - Spokane Valley, WA 10/23/2018

Course - Little People – Big Emotions: Identifying and Dealing with Emotions
"I liked the fact that practical and useful examples were given on how to accomplish the theory. Example: It wasn't just stated to encourage acts of kindness; it went on to give examples of how to go about it."
Carol - O'Fallon, MO 10/22/2018

Course - Circle Time: The Importance of Planning
"The course was easy to follow"
Susan- Louisville, KY 10/19/2018

Click on any of the “See more” buttons to view the details about a course.

After you click on the “See More” button you will arrive at a course page such as the Art and Writing course page illustrated in figure – 3.

Figure – 3

Art and Writing: Thinking Creatively Outside the Box

Art and Writing can be about so much more than crayons and pencils. This course explores how to choose great materials that are appropriate for your age group. We cover how to teach the children proper use of art materials and we provide great tips and ideas for activities. Learn about the importance of the pincher grasp, process vs product art and much more!

The course answers the following questions:

- What are the best materials to go into the art center for MY age group?
- What are the best materials to go into the writing center for MY age group?
- When is it good to combine the centers or keep them separate?
- At what age should scissors be introduced?
- Does it matter what kind of scissors I use?
- How can you teach the pincer grasp?
- What does product vs process mean?
- What are some educational and engaging activities in these centers for MY age group?

Figure – 15 illustrates the last page of a course. Click on the “Survey” button to proceed.

Figure – 15

The screenshot shows a web interface for the 'Art and Writing Center'. At the top left, the text 'Art and Writing Center' is displayed, and at the top right, the word 'Resources' is visible. The main content area contains two purple-bordered boxes with green text. The first box states: 'This concludes the main portion of this course. Next there will be a survey followed by a quiz. Upon successful completion of these, you will receive 1.5 credit hours towards your required training.' The second box says: 'Thanks so much from Bright Minds Training! We hope you enjoyed the course and learned things that can make your job easier and enrich the lives of the children you work with. Check out our other courses and consider using us again! www.brightmindstraining.com'. Below the second box is the 'Bright Minds Training' logo, which features a stylized purple book with a black silhouette of a person's head above it, and the tagline 'Be Brighter!' underneath. To the right of the logo is a purple rounded rectangular button labeled 'Survey', with a red arrow pointing to it. At the bottom of the page, there is a grey navigation bar containing a speaker icon on the left, and two buttons labeled 'PREV' and 'NEXT' on the right.

Figure – 16 Illustrates the survey introduction on the survey page.

Figure – 16

Survey - Art and Writing: Thinking Creatively Outside the Box

It is very important to Bright Minds Training that you received the benefits that were expected from the course that you just completed. Your feedback will enable us to deliver quality and value in our elearning products. State government agencies that maintain records of training hours for childcare professionals require that Bright Minds Training survey you about the course you just finished. The course quiz will start when you finish the survey. Thank you for taking the survey.

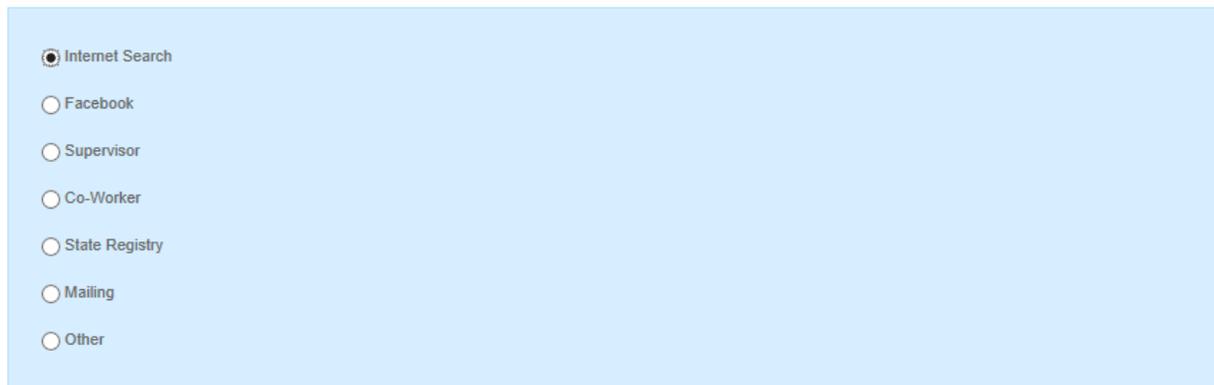

The first 4 statements address this question: How do you rate this course?
1=Poor 2=Fair 3=Average 4=Good 5=Excellent

Click the “Finish Quiz” button after you have completed the Survey. This is illustrated in figure – 17.

Figure – 17

8. Question

How did you hear about Bright Minds Training?

A screenshot of a survey question. The question is "How did you hear about Bright Minds Training?". Below the question is a list of seven radio button options: "Internet Search", "Facebook", "Supervisor", "Co-Worker", "State Registry", "Mailing", and "Other". The "Internet Search" option is selected, indicated by a filled-in radio button.

 [FINISH QUIZ](#)

Figure – 18 illustrates the survey page after completion of the survey. Click on the “Click Here to Continue” button. The course quiz will then be displayed.
